50% BLOCK OUT MESH BANNER

Our 50% block out mesh banner offers the lowest wind resistance in our mesh banner range. With its open weave, it allows 50% airflow while still ensuring your logos and images stand out. Ideal for construction sites exposed to high winds and open areas, it's the safest choice for scaffolding, temporary fence, or even between fence poles. By reducing the load on the structure, it's perfect for windy construction sites or events in open areas prone to high winds. If you need a durable, wind-resistant solution, our 50% block out mesh banner is an excellent option.

80% BLOCK OUT MESH BANNER

Our premium 80% block out mesh banner provides the ultimate canvas for your high-quality imagery. It provides the optimal print surface while still allowing 20% airflow. Unleash your vibrant imagery and make your site pop with our 80% block out mesh banner!

Please note: while it does allow 20% airflow, it will still catch 80% of the wind load, so we advise caution when installing this product outdoors onto temporary or permanent cyclone fencing.

If you have any concerns, please talk to us and we'd be happy to advise if this product is suitable for your site.

PRINTED VINYL COATED BANNERS

Our printed vinyl banners have the sharpest print quality of all our banner options. These banners are non-porous, ensuring print quality is sharp and crisp, and images appear crystal clear and vibrant. Using UV stabilised inks and materials, these banners are fade resistant ensuring your images remain dynamic and vivid, long outlasting any paper alternative.

Our vinyl banners can be created to any size or length. Ideal for indoors, they may not be suitable for all applications due to wind loads. If you have any questions, we're happy to help.

BUMPER STICKERS

Our bumper stickers are an ideal way to spread your brand message and are an excellent promotional tool. Available in square or classic rectangular design, we have a range of durability ratings ranging from 1 to 4 years, so talk to us today about your requirements.

REVERSED STICKERS

Reversed stickers are stuck to the inside of windows but show their design from the outside. Ideal for store fronts or vehicle windows, they are a sure-fire way to grab passerbys attention and get your message across. It is the perfect solution for windows that are exposed to the elements, being on the inside the life of the sticker is prolonged. Also they are fantastic for windows that can't be easily accessed from the outside, such as on multi-storey buildings.

SHEETED STICKERS

Sheeted stickers provide multiple custom shapes on individual sheets, making them a breeze to peel and stick wherever you please. Great as a promotional item to give your brand the attention it needs. Talk to us to today about your required design.

CUSTOM CUT STICKERS

Needing something particularly unique, that is not a standard shape? We also offer custom cut stickers. Kiss cut to any simple shape, they're easy to peel and stick wherever you heart desires!
